

1st East African Endometriosis Conference (EAEC, 2021)

19TH MAY - 21ST MAY 2021

Conference Speaker

Dr. Felix Musili

Biodata:

Dr. Felix Musili is a Consultant Obstetrician/gynaecologist and Lecturer, Department of Obstetrics/Gynaecology, School Of Medicine, Kenyatta University. My research interests are on Foetomaternal medicine and Safe motherhood.

Topic of Presentation:

Endometriosis awareness campaigns in East Africa.

Outline:

1. Extend of the problem in Kenya/East Africa and challenges.
2. Difficulty in making a diagnosis as most of the signs and symptoms are nonspecific
3. Cost implications in making a diagnosis e.g use of laparoscopy, laboratory workup
4. Treatment options
5. Increase awareness in terms of training, teaching curriculum, more funding from the relevant ministries.
6. Enhanced research
