

### Dr. Raj H. Dodia

#### **Biodata:**

Raj is currently the Head of the Department of Obstetrics & Gynaecology at the M.P. Shah Hospital (Social Service League) in Nairobi, Kenya. Previously, he was part of the Multi-Disciplinary Endometriosis Team at the Portsmouth Hospitals NHS Trust as a Clinical Fellow in Advanced Minimal Access Gynaecological Surgery. The Southern Endometriosis Centre (Portsmouth, UK) is a British Society for Gynaecological Endoscopy (BSGE) accredited centre for the treatment of severe endometriosis. His clinical interests are in laparoscopy, hysteroscopy and the holistic care of pregnant women. Raj is a Surgical Science and Practice Masters of Science student at Kellogg's College, University of Oxford and a Member of the Royal College of Obstetricians and Gynaecologists (RCOG), UK. He completed his Masters in Medicine degree (MMed) at the Aga Khan University Hospital in Nairobi, and was awarded the Merit Award by the Kenya Obstetrical Gynaecological Society (KOGS) for his outstanding performance. His medical degree (MBChB) is from the University of Nairobi. His interests include teaching Human Factors, Non-Technical Skills, and Quality Improvement.

When not working, he enjoys the outdoors and attempts to play various sports, including Improv!

#### **Topic of Presentation:**

Appropriate surgical management of Endometriosis
